

Jackson County Schools (500) 2015–16 Read to Achieve Grades 1 and 2 End-of-Year Results		G.S. §115C-83.10 requires “each local board of education to publish annually on a Web site maintained by that local school administrative unit and to report in writing to the State Board of Education (SBE) by September 1 of each year the following information on the prior school year:”	
Note: The denominator for calculating the required percentages for Rows 1, 2, 3, and 4 is all students in membership at grade 1 and at grade 2 for end-of-year TRC assessments.		Number of Students	Percentage
1	The number and percentage of first grade students demonstrating reading comprehension at grade level.	173	58.6%
2	The number and percentage of first grade students <u>not</u> demonstrating reading comprehension at grade level.	122	41.4%
3	The number and percentage of second grade students demonstrating reading comprehension at grade level.	187	68.0%
4	The number and percentage of second grade students <u>not</u> demonstrating reading comprehension at grade level.	88	32.0%

Note: Privacy laws dictate that any group with less than 10 students, the specific number and percentage should not be given. Therefore, if the number is less than 10 students, schools should use an asterisk (*) to represent less than 10 students and the percentages. An * indicates that the student population number and percentage is too small to report the value. The percentage and number of students are not shown if the percentage is greater than 95 percent (>95) or less than 5 percent (<5).
